

WITH OUR BOYS IN SERVICE

A communication from the navy department on Tuesday of this week, reported to Mr. and Mrs. Ray Frazier that their son, Gunner's Mate James E. Frazier had been wounded by shrapnel in the South Pacific. His injuries were to the left side of his face, his left foot and both legs. They received letters from Jim as recently as July 28 and he had not mentioned any incidents. It is the prayerful hope that the injuries are minor.

Mrs. Glenn Coffey is planning to elave for San Diego for a visit with her marine husband until the latter part of the month when he will be transferred to Pine Valley, to a truck operator's school.

Augie Sassarini writes that he is now on Saipan where he is stationed with his bomber group. He said the most noticeable thing about the island when they landed was the filth and the apparently starved condition of the natives. They have remedied a lot of that but it's still far from being in Truckee.

Augie's brother, Pfc. Nick Sassarini is over in Burma somewhere with the infantry.

Captain A. F. Wallace who is in Italy in charge of an army hospital was granted the distinguished honor of being granted audience by his Holiness Pope Pius XII. Captain Wallace was born in Truckee, the son of the late Mike and Ruth Wallace (nee Finnegan). Before enlisting he was a physician and surgeon for the Southern Pacific at Sacramento.

Pharmacist's Mate 2-c Angelo Besio wrote from a temporary rest camp in the Pacific to tell the home folks what it feels like to be the first man to land on a Jap-held island. The snipers concentrated their attention on him for what seemed hours but he fortunately escaped and took care of the men who fell during the first hard hours of invasion. He wrote that it was difficult to leave so many behind, whom he had learned to know and remarked with the characteristic thought of the service man: "The people in the states should be out here to see what war really is. If they were, there would not be so much unnecessary griping."

Pfc. Albert Ring has been transferred to an ordnance school at Atlanta, Georgia within the past week.

Who arrived in town the other day but Cpl. Yell Nobles and Mrs. Nobles to enjoy the pine covered mountains on Yell's furlough from the dreary hot plains of deep in the heart of Texas. Yell was former manager of the Truckee bank and was one of the really active community workers. Mrs. Nobles is engaged in army work at San Francisco. Yell, incidentally, is in the supply room of his field artillery unit.

Pvt. Ernie Dugan, one of the recent inductees from Truckee, is tank training at Fort Knox, Kentucky.

Sgt. and Mrs. Carl Brooks visited their home and relatives at Kings Beach for two weeks. He is stationed at Ellington Field, Texas.

We sincerely regret to report this week the death of Jackie Sanders, whose young life was snuffed out by a Jap bullet on a far-away island in the Pacific. Those of us who knew Jackie are going to miss him like the devil. He was a good, clean kid filled with the joy of living. He certainly didn't deserve the death which some sneaking little buck-toothed heathen dealt him.

A letter dated August 1 was received by Henry Lichtenberger from his son, Cpl. Leonard who is with the air force in England. Leonard is a Truckee grammar school graduate but recently has been living at Auburn where his family resides.

Julius Lichtenberger and his son Pat visited Mrs. Dan Smith from Auburn just before Pat entered the Marines at San Diego. He recently graduated from high school and is rarin' to go.

FORMER STUDENT PERFORMS AT LAKE

Mr. and Mrs. Winfield S. Roberson and son, Noel, spent Sunday at Tahoe Tavern as the guests of Coach and Mrs. Fred Earl, Jr. Earl, swimming instructor at the Tavern, was coach at the Roseville Union High School during Roberson's school days and coached him in fancy diving for the Nationals in 1927-28 and 29. Roberson gave an exhibition of fancy diving at the Tavern pool Sunday as a highlight of the day's swimming. The Robersons are spending the summer at Truckee where both are employed by the Southern Pacific Company.

Ship Sheep—

Kuhn and Miller are engaged in shipping their lambs to market from Truckee. The last shipment will be made Saturday.

George Kamp who has been training with the navy at Farragut, Idaho is looking forward to a leave and is expected to arrive here Sunday.

The Monett Hamiltons at Tahoe heard from their son Monett this week from the Pacific fighting zone. He remarked that he did not have time for anything but the elimination of Japs. He is with the navy.

Couple Sought In Tahoe Theft

Local and state police are joining in a search to apprehend Herbert Burnham, 32, who is sought in connection with the theft of an automobile, more than \$1000 in cash and ration stamps good for 900 gallons of gasoline, all stolen Tuesday morning at Carl Becholdt's service station at Tahoe City.

According to a report by Constable Harry Johanson, Burnham was employed at the station a short time ago. The car belonged to Fred Jackson, another employee at the station. The cash was the property of the Greyhound Bus Lines and Becholdt, the latter reporting his loss at over \$800 while the bus company loss was said to be \$200.

Burnham was believed to be accompanied by his wife.

KARL KIELHOFFER, CAOLE BROCK ARE MARRIED IN TEXAS

Vows were exchanged at civil rites by Miss Carole Brock of Ordway, Colorado and Staff Sergeant Karl K. Kielhofer of Truckee at Austin, Texas on August 8, according to word received here by the bridegroom's mother, Mrs. Rose Kielhofer.

The bride wore an aqua blue dress-maker suit with matching accessories. Her corsage was an orchid.

Corporal Fred Hughes of Truckee attended the couple.

The bride is the daughter of Mrs. George Anderson and Bert Brock of Ordway. The bridegroom is the son of Mrs. Rose Kielhofer of Truckee and Karl Kielhofer of Sacramento. Both are graduates of the Truckee High School.

Sgt. Kielhofer served in the Aleutian Islands and is now stationed at Camp Swift, Texas. Before entering the service he was employed here by the Sierra Pacific Power Company.

Their many friends extend best wishes.

MISS JOSEPH, JAMES McIVER MARRIED IN RENO CEREMONY

Mr. and Mrs. James McIver are at home following a quiet wedding service at Reno on Thursday, August 10. Mrs. McIver, the former Victoria Joseph, has been a resident here for many years and has a host of friends in the vicinity.

McIver is a well known member of a pioneer Truckee family, a past commander of the American Legion and local businessman. Best wishes of the community is extended the couple.

THREE ADDED TO RATION BOARD HERE

Three new members have been added to the Truckee War Price and Rationing Board and their appointments were confirmed this week by Muriel C. Shreck, acting administrator of the Sacramento District of the Office of Price Administration.

The new members, A. P. Leitch, Anthony Pace and V. L. Deaton were selected from the list supplied by the Office of Civilian Defense. The three will serve on the important price panel of which E. L. Loynd is the chairman.

NEW BOOK HERE FOR WYETHIA LIBRARY

Books recommended this week at the Wyethia Club's lending library include Fair Stood the Wind for France; Lost Island; Good Night, Sweet Prince; Here is Your War and Under Cover.

HUMAN BONES ARE FOUND AT TAHOE

TAHOE CITY, Aug. 17.—A supposed mystery dissolved without a crime having been committed when a small cardboard box picked up on the highway near Sunnyside by Mrs. George Tessee was found to contain human bones.

Investigation by Constable Harry Johanson showed each bone was labeled, dispelling the murder theory and leading to the belief that they are the property of a doctor or a medical student.

Calls on Kalers—

Dr. Charles Bursch, head of school house planning for the state, called on the J. E. Kalers, en route to Sacramento after a conference at Susanville.

75th Year, Number 28

My Place In The Sun

By CPL. DOUG BARRETT

Excerpts from letters from the Canada theater of war operations

Now ain't that just dandy about Bob and Tina Bowers? I'll bet Bob is a pretty proud papa and well he can be. What with a mother like Tina and a birthplace like Idaho, I predict great things for the youngun. Congratulate them for me, willya?

On the 29th of last month I observed my second GI anniversary with the fervent prayer that I never see my third. Which brings to mind that I am now entitled to wear—of all things—three gold overseas bars. Seeing as how it took me 15 months to get all my corporal stripes on, I guess I'll never be guilty of parading in these undeserved feathers.

Things are certainly looking up over the seas. Naturally, I join in the universal prayer for peace—not a piece of peace, but complete and lasting peace. Nothing good can ever come of all this carnage. Hitler is a manifestation of the results of the last war. It is time we learned a lesson but I suspect we never will as long as we have human beings in their present imperfect state.

Well, my relief is here and am I relieved!

Boy Drowned In River On Summit

Despite the frantic efforts of witnesses and Constable N. F. Doley of Truckee, who was summoned with the fire department's respirator, Jay Crowley Durham, 4, son of Mr. and Mrs. Robert Durham of Chico, drowned in the south fork of the Yuba River at Kingsvale Friday evening about 5:30 o'clock.

The child, whose parents had been vacationing at Kingsvale, was playing with other children on a bridge spanning the river. He slipped and fell into nine feet of water.

The body was recovered soon but artificial respiration was administered without success. Doley applied the respirator but this also proved useless and he took the body as far as Washington Junction where he was met by an ambulance from Nevada City.

Coroner Alvah Hooper said the boy apparently was dead when taken from the water. The body was sent to Chico by the Hooper & Weaver Funeral Home.

REX MOORE SPEAKS AT LIONS MEETING

Rex Moore of Sacramento, guest of his father in law, Harry Lansberg, was the principal speaker at last night's meeting of the Lions Club and gave an interesting talk on the activities of the 20-30 Club and the Junior Chamber of Commerce in which organizations he is an active member.

Verne Pearson, formerly Truckee roadmaster, now living at Sacramento also spoke on the activities of the railroad. Don Hanson of Truckee was another guest. Vice President C. B. White presided.

DRIVERS CITED AS TRUCKS COLLIDE

Two trucks, one driven by Wayne Douglas, 23, of Reno, for the McLeod Trucking Company, and the other by Dilmer Shultz, 31, of Truckee, for the Mt. Rose Lumber Company, collided at the Hirschdale bridge at 8:30 Friday evening without injuries to either driver.

State Patrolman T. F. Sheehan who investigated, cited Shultz for operating without light and Douglas was charged with driving on the wrong side of the highway.

CAR RUNS OFF ROAD ON DONNER GRADE

A car registered to Roy Maybury of Hemet, Calif., ran off the grade just east of Donner Summit Saturday morning, according to officers of the state highway patrol who investigated. The driver could not be found but later ordered the car taken to the Truckee Garage. There were no signs of injuries at the scene of the accident.

Post War Plans To Be Aired In Meet Sept. 8th

Jesse Mayo to Conduct Meet
At Nevada City For
Hearings

A subcommittee of the Senate Committee on Post-War Construction will hold a hearing in the courthouse at Nevada City Friday, September 8, beginning at 10 a.m. for the purpose of determining what public works projects the various communities and political subdivisions intend to undertake at the close of the war.

This information was contained in a letter from State Senator Jesse M. Mayo, chairman of the subcommittee who will conduct the meeting.

Members of the board of supervisors and other agencies are asked to submit the following details at the meeting:

1. A list of contemplated public works projects under the political subdivision, listed in order of urgency and need.
2. Estimated cost of each project.
3. The amount and kind of labor required for each project and the amount and nature of material required for each.
4. A statement as to whether or not plans and specifications are now available for each project listed and if not, when can they be completed?
5. A statement as to the ability of the community to finance the proposed projects without outside assistance, or if federal or state assistance is later available for actual construction, what proportion of the cost of each project can be financed locally?

At the 1943 session of the legislature, each county was allocated certain funds to be used to make plans and specifications and to secure right of way for county highway building. This legislation provided that the allocation need not be matched by local funds.

At the recent session, Mayo pointed out, another allocation was made to cities and counties on the basis of a minimum for each making plans and acquiring sites or rights of way for future construction. This latter allocation is to be matched by local funds.

The allocation for Nevada county under this act was \$23,666.00 for the county.

Anyone interested in the meeting is urged to attend by Senator Mayo.

H & W Club News

(By Louise Geier)

The H and W Club of Meeks Bay held its regular meeting Friday, August 11. The men acted as hosts, serving delicious sandwiches and coffee.

On the evening of August 25 the club is holding a public card party, featuring bridge and pinocle. A small charge will be made for the refreshments. The public is invited to attend.

INSTRUCTIONS FOR CHRISTMAS MAIL TO OVERSEAS GIVEN

This year the Christmas mailing period for both army and navy overseas forces is from September 15 to October 15, it was announced by Mrs. E. C. Bavier, Truckee postmaster. After October 15 no gift parcel may be mailed to a soldier or sailor without representation of a written request from him.

Some of the important rules governing the shipment of parcels to the armed forces include:

1. The parcel must not exceed five pounds and must not be more than 15 inches long or 36 inches in length and girth combined. It should be marked "Christmas Parcel" so that it will be given special attention.
2. Not more than one parcel may be mailed in any one week to the same member of the armed forces by or in behalf of the same mailer.
3. When combination packages are made up of such items as miscellaneous toilet articles, hard candies, soap etc., the contents should be tightly packed so that they will not loosen in transit and damage contents or cover.
4. Perishable goods such as fruits and vegetables that might spoil are prohibited as are intoxicants, inflammable materials and anything that may damage other mail.

..Sun.. Beams

by WALTER M. BARRETT

There are few towns similar in size to Truckee which can boast the modern, well-kept stores which we here enjoy. Although they are not large as compared with stores in the more metropolitan areas, they are for the most part, amply stocked with the latest available merchandise and the display, both in the show windows and inside the stores are excellent. Sometimes we are apt to overlook the advantages which our local merchants provide, but comparison will prove that Truckee need offer no apologies for its stores.

We may all be quite thankful that it doesn't cost as much to send our ordinary soldiers and sailors overseas as it does their commander in chief. We are still wondering if we heard right the other day when it was reported the Hawaiian trip cost over \$20,000,000. That's a lot of cash even under our current spending program.

Living in the Truckee-Tahoe area the year round, we get more or less apathetic about our splendid climate, but when one reads the scores of letters from our boys scattered all over the world, invariably complaining about the weather elsewhere and hoping to get back to the Sierra climate as soon as they can, we can't but be reminded that we do really have the finest climate in the most beautiful part of the entire world.

Accused Forger Held By Police

TAHOE CITY, Aug. 17.—Word has been received by Constable Harry Johanson that Siefert Peterson who had been sought in connection with the theft of checks from the Tahoe Tavern and for questioning on a forgery charge, is being held by the San Francisco police after having been trailed in a number of other cities.

Eighteen checks, allegedly forged with the names of Mr. and Mrs. Matt Green owners of the Tavern were stolen and forged in sums of nearly \$100 each. Several were cashed.

Peterson, who had been employed as auditor at the Tavern left at the same time the checks disappeared, officers said.

SIERRAVILLE MAN IS KILLED IN WRECK

Cleo Hewitt Cranford, 34, Sierraville fruit picker, was killed when a light truck driven by Thomas Miller, 68, also of Sierraville, got out of control and crashed into a tree on Highway 20 in Bear Valley Sunday morning. Four others were injured. Cranford was killed when he was thrown from the rear of the truck as it crashed a guardrail. After that the car traveled 610 feet before hitting a pine tree. Mrs. Cranford, wife of the dead man, was injured. Robert A. Ryder was thrown 40 feet but suffered only minor injuries.

Patrolman George Hammil made the investigation.

UTILITIES PAY HIGH TAXES IN COUNTY

California public utilities such as railroads, gas, electric, telephone and telegraph companies, have been assessed this year by the state board of equalization for property tax purposes at a record total of \$1,192,411,730.

Richard E. Collins, chairman of the board, made this revelation today upon completion of assessment rolls prepared by the state board for distribution throughout the state where local officials will extend the same tax rates as are applicable to other property.

On the basis of past experience, Collins estimated that the utilities will pay something in excess of \$40,000,000 in property taxes into the county and municipal treasuries during the current fiscal year. None of this revenue goes to the state but all that is paid goes to local tax collectors and is used for local purposes.

Analyzing the records, Collins disclosed that in Nevada County public utility property has been assessed as follows: tangible property \$3,679,500, an increase of 2.74 per cent over 1943.

Two More Boys From Truckee Battle Victims

Jack Sanders Killed; Owen
Landrith Dies At
Hospital

Names of two former Truckee boys this week were added to the list of victims of the war.

Mr. and Mrs. J. H. Sanders of Sacramento, former well-known Truckee residents, received official word that their son, Sergeant Jack Sanders, 21, was killed in action with the marines in the Pacific. When last heard from he was on Saipan Island.

Jack is well and favorably known here where he spent most of his young life. When war was declared he enlisted in the Marine Corps and for several months has been overseas. No details were contained in the brief, tragic message to his parents. Besides his parents, Jack leaves three brothers and two sisters who are Orlan H., of Sunnyvale; Mervin P. of San Jose; Staff Sergeant George T. of the army; Mrs. Ellen Jones of San Francisco and Miss Lorraine Sanders of Sacramento. Another brother, J. Duane Sanders, 32, died at Sacramento last May 15.

Owen Landrith Expires

Word was received this week that Owen Landrith, Jr., died in an army hospital at Van Nuys on August 5. Young Landrith was brought to that hospital to convalesce from serious wounds sustained on Christmas eve while on active duty in the African-Sicilian campaign and was thought to be improving when he contracted spinal meningitis the latter part of June.

Owen, better known as Cub was the eldest son of Mr. and Mrs. Owen Landrith, Sr., former residents of Hobart Mills where he attended the elementary school.

Owen had been in the army more than two years and received the purple heart. He leaves his parents now residing in Modoc County, a sister, Margaret Landrith employed in the bay area and a brother, Dick a member of the armed forces.

ROBINSONS PARENTS OF BABY DAUGHTER

A bouncing girl was born to Mr. and Mrs. Glenn Robinson of Reno, former well known local couple, at Sacramento yesterday morning, August 16. She weighed 9 pounds and 6 ounces.

Sally Joan, as the newcomer has been named has a sister, Susie. Both mother and child are reported doing well by Robinson who received the congratulations for the family from their local friends.

SMALL FIRE NEAR DONNER REPORTED

Employees of the division of highways resurfacing the highway near Donner Lake put out an incipient fire which broke out near the highway this week. It was evident that a carelessly tossed cigarette caused the blaze which did little damage.

TAHOE STUDENTS ADDRESS ROTARY

John Murrie and Kenneth Milner, students at the Tahoe summer school spoke before the Rotary club Monday night, the former on The Future of Television and Milner on the topic of The Peace Settlement. With Germany. The boys showed an intensive study of their topics and the subjects proved interesting.

Dennis Jones was program chairman and Tom Buell presided. Visitors were Otto Fox, Dr. W. Miller and W. E. Jensen of Auburn; J. Conklin and S. Weathers of Loyalton; R. G. Tinney, Palo Alto; Charles Hardy, Woodland; Burt Tone, and W. S. Jones, Lodi E. Siri, Truckee and H. G. Moriarty, San Jose.

COUNTY TO SHARE IN VEHICLE FEES

Nevada County will receive \$6,120,76 as its share of registration fees collected by the Department of Motor Vehicles during the first six months of 1944 according to announcement today by Director Gordon H. Garland. The county's share of the money is apportioned on the basis of 4,526 fee paid registration for the period. The total apportionment to the 58 counties of the state for the period is \$3,881,566.72 based on total fee paid registrations of 2,870,229 vehicles.

Uncle Sam wants
your appliances to
last. Keep them
in repair!

Look over all the appliances in your home. Check particularly those appliances you use constantly, like the range, vacuum cleaner, refrigerator, washing machine and iron or ironer. Do any of these need repair or conditioning? Durationize your appliances with constant care and timely repair. That also means careful use to avoid abuse. Blasting your radio at full volume, for example, can shorten its life. Use it, but tune it down. Open your refrigerator door as seldom as possible. Keep your fireplace damper closed when heating equipment is in use. It prevents heat waste up the chimney. Your government wants your present appliances to last for the duration. Their services save you time and money.

BOY FRIEND RATIONING

The chances are more than two to one against a young woman being able to find a single boy friend during these war days.

Statistics show that there are now only 1,700,000 unmarried men between the ages of 20 and 34 in civilian life as against over 4,000,000 unmarried women in the same age group. And the majority of those available young men are located in cities, working in war factories, so the plight of the country girl is even worse than that of her city sister.

In ordinary times the girls have the advantage. In 1940, for example, there were three unmarried men for every two unmarried women.

Some girls, we understand, think the government ought to do something about the situation—such as organizing a rationing system for the use of boy friends. But evidently the war production board has not yet come to the conclusion that a boy friend is an essential commodity.

WE'RE NOT ALL RICH YET

Sometimes a lot of us get discouraged over feeling that practically everybody else in the country is getting rich during this period of prosperity and that we, somehow, have lost out on a rare opportunity.

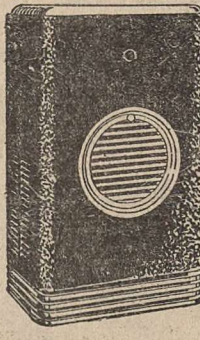

It may therefore be comforting to those who don't own any yachts and don't have their pockets bulging with cash to look at recent treasury figures which show that of 67,300,000 people who reported incomes, 49,000,000 earn less than \$2,000 a year and only 1,700,000, or less than three per cent, are making over \$5,000 a year.

When you take taxes into consideration the income is considerably less for the 49 million who earn under \$2,000, the average earnings which they keep after taxes amount to only \$1,300 a year.

The country may be prosperous today, but there are still plenty of people who have to watch their pennies with both eyes.

INCOME TAX REFUNDS NOW
BEING MAILED AT FAST
RATE, SAYS COLLECTOR

Declaring that every effort to expedite refunds of 1943 income tax returns is being made, Harold A. Beliner, collector of internal revenue, said refund checks are being mailed to taxpayers of the First California District at the rate of 5,000 checks per week.

Approximately 67,000 refunds totaling \$3,200,000 have been paid to taxpayers of this district on 1943 income tax returns.

Though cancer is thought to be primarily a disease of older people, more persons under 30 die of it than of infantile paralysis.

LAKE TAHOE NEWS

By SWAN, E

Telephone Tahoe City 663

CLIFFORD DOCKHAM GIVEN BIRTHDAY PARTY AT LAKE

TAHOE CITY, Aug. 17.— When Clifford Dockham, son of Mr. and Mrs. Leon Dockham of the Tahoe Fish Hatchery turned 10 last Tuesday, he was given a birthday party at the home of his parents—the highlight being a weiner roast, topped by a birthday cake. His guests included Myra Lee and Alberta Pollitt, Mrs. Allen Pollitt, Terry Tollefson, Howard Carnell, Stanley Martin, Jr., Agalala Daldas, Frances Anzini, Mr. and Mrs. Morris Dockham and his parents.

TAHOE'S DISCOVERY WILL BE COMMEMORATED WITH SPECIAL SERVICE SUNDAY

TAHOE CITY, Aug. 17.— Local residents are reminded of the special services to be held next Sunday, August 20, commemorating the discovery of Lake Tahoe just 100 years ago last February by General Fremont.

Bishop Noel Porter of the Episcopal outdoor chapel at Tahoe will conduct the services at 11 o'clock, at the close of which a bronze plaque will be unveiled by Miss Ellen Bliss St. Sure, great-granddaughter of the early pioneer Bliss family. It has been placed on a ponderosa pine tree near the flagpole on the chapel property.

Guest organist will be Mrs. Elizabeth Woods of Berkeley and the soloist will be Fanny Bailey Scott, well known vocalist of the bay region.

A feature of the service will be the dedication of a beautiful three-foot native stone wall which will be erected along the entire 550-foot highway frontage of the church property, with additional stone gates which will serve as a memorial for the boys and girls of this region now serving their country.

The Tahoe-Sierra Association and the Truckee Lions and Rotary clubs are cooperating to make the affair a resounding success. Despite transportation difficulties it is anticipated a large crowd will be present for the anniversary services.

The first California radio station to broadcast speech and music was KQW, San Jose, which started broadcasting in 1912.

TAHOE LETTER

To the Service Men

From SWANEE

Tahoe City, Calif.
August 13, 1944

Dear Tahoeites:

This has been a beautiful Sunday with real warm summer weather. It was especially appreciated by Mrs. Harry Johanson and Charles Rosenthal who staged a last minute bond rally to bolster Tahoe's Fifth War Loan drive quota at Tahoe Tavern this afternoon at 3 o'clock. Approximately 400 persons attended the joint fashion show and bond sale and this evening Rosenthal informed me that he anticipated in excess of \$75,000 from today's efforts, the idea and the cooperation of those attending being highly praiseworthy. It is now safe to predict that Tahoe will at last be able to purchase that ambulance plane for \$125,000 which will be called the Lake Tahoe. This was the dream of the district's first chairman, whose untimely death shortly after the drive opened was deeply regretted. Mr. Rosenthal announced today that one of Tahoe's oldest visitors and greatest admirers started the drive off with the purchase of \$20,000 in bonds. He was George Cameron of San Francisco. Tavern guests purchased around \$40,000 in bonds before the actual sale started, assuring the rally's success right from the start.

The afternoon was perfect for the showing of the lovely gowns, suits and sportswear worn by the charming young women including some local talent, the girls being Misses Pat Hoerder, Patsy Christ, Nita Yost, Lee Meek, Aurora Luna, Patsy Earle, Esther Reicks, Betty Roseblatt, Marge Hilp and June Larer. Jane Stryker's all-girl orchestra rendered appropriate music for the occasion and tea was served during the showing on the terrace. A note of martial interest was introduced as two charming WACS, Pvt. Virginia Nagle and Sgt. Pauline Smith from Sacramento's recruiting office, modeled the latest numbers of their wardrobe. They were accompanied from Sacramento by Lt. Katherine Whelan and also by Sgt. Doris Day of Mather Field. Later the WACS assisted in the sale of the bonds.

We Tahoeites were grieved today to learn that one of our favorite sons, Gunner's Mate Jimmie Frazier, son of Mr. and Mrs. Ray Frazier of Lake Forest, was listed in the newspapers

CREW NOW OPERATING AT TAHOE TREASURE MINE

TAHOE CITY, Aug. 17.— The Goldfield Consolidated Mines Company is reopening the old Tahoe Treasure Mine in Placer county, located some miles west of Chambers Lodge on Lake Tahoe. A crew of 12 men is engaged in road repair work, preparatory to hauling equipment into the property. Two air compressors will be included in the new equipment for the drilling program.

Bunk houses and other buildings are being erected and a bulldozer is said to be making a wagon road up Mt. Ellis.

Herbert Witt, San Francisco geologist is in charge of the operations and George Wingfield of Reno is president of the company.

PETITIONS FAVOR NEW PLACER HEALTH SETUP

TAHOE CITY, Aug. 17.— Several petitions were mailed from Tahoe Monday containing a number of signatures of residents of this district requesting the Placer County Board of Supervisors to approve and include in the budget funds for the proposed public health unit as outlined by and with the cooperation of the California State Department of Public Health. The matter will be voted upon by the board in Auburn on August 18. Dr. Lynn Smith of Colfax was responsible for passing on the petitions.

The population of the 20 republics of Latin America total 126,798,843.

A Liberator Afire Over Vienna

A Liberator bomber of the U. S. 15th air force is shown as photographed from another American plane after it was mortally hit by a German ME-109 during mission over the oil refineries in Vienna. Crew bailed out safely.

as wounded in action. No further details are given and it is believed that the Fraziers at this writing do not know of it as they left over the weekend for Volcanoville where they have a ranch. Jimmie's wife is staying with the Fraziers this summer with her little daughter and it isn't known yet whether Jimmie knows of the arrival of the little lady. We sincerely hope that the wounds will not prove serious.

Mrs. Bliss Hinkle today had a letter from Lt. Jimmie Easton back in New York who wrote that he was receiving our letters and is happy to have them. He intimated that he is now in a convalescent hospital on Long Island where he is getting on fairly well and was hoping he would not have to return for his two other operations. Good luck Jim and write again soon.

Had a nice note from Sgt. Billie Bechdolt's lovely, Miss Bernie O'Laughlin of Pasadena, who wrote that she had received the pictures of her and Bill taken here.

Mrs. Annie Soll of Pine Lodge has recent news of her nephew, Cpl. Les Dickey who is now in an English hospital with a wounded leg. No other details were available. Miss Alice Soll has won the distinction in her chosen profession by having been awarded a scholarship at the California School of Fine Arts in Oakland, to which she returned today—tuition free! Many of her excellent sketches and water colors have been given permanent place in the school's exhibits and after such a wonderful vacation here she should find herself in rare creative mood.

The Leon Dockhams have been enjoying visitors from out of town with his brother, Machinist's mate Morris Dockham of Oakland navy airbase and his wife arriving last Sunday to remain a week. Also visiting is Miss Frances Anzini of San Mateo.

And to Charles Pick we want to say thanks for the beautiful book in colors telling the accomplishments of Marinship where Charlie works. It is most informative and interesting.

Pfc Marilyn Hinkle who has been enjoying a visit with her family since last Friday reluctantly tears herself away again tomorrow to return to her post at El Centro where she is one of the girl gunnery instructors. On August 11 she observed her 23rd birthday and received many

useful gifts which will conform with the life of a lady marine.

Many of us are staring these days at Joe White, son of Mr. and Mrs. Joseph White of Kiluak Park, who are sojourning at their home at the lake. Joe was just a little fellow a few years back and now stands 6 feet 3 inches and has joined the army air corps enlisted reserve, entering as soon as he finishes his course in physics.

In the Timberland Tract Storekeeper Melvin Lopes of the U. S. Navy in San Francisco is enjoying a well earned vacation. He is the son of Mr. and Mrs. M. A. Lopes of San Leandro and Tahoe who arrived Monday to join him. Also along are Mrs. Lopes and a friend, Mrs. Delma Davies, wife of Lt. W. Davies with the navy in Tennessee.

Dick Anderson of the merchant marines, a veteran of battles at Tarawa, Eniwetok, Roi and Majuro, is enjoying a 30-day vacation at Tahoe with his wife at the home of his parents, Mr. and Mrs. Clifford Anderson of Tahoe Cedars. And just so he won't get lazy while off duty he is helping J. E. Pomin cut the winter wood.

Saturday evening the Swanson home was the scene of one of those old time dinner parties with old time neighbors, they being Mr. and Mrs. Everett Prusso of Long Beach, Mr. and Mrs. Bud Teagarden and little daughter, Sigana of Vallejo and Mrs. Eric Druhn and Miss Bertha Kreuger. The Prusso clan arrived Wednesday for a brief vacation at their lakeside cottage beyond Carnelian Bay and are now thoroughly enjoying being back by Tahoe's blue shoreline. The Teagardens left Sunday. Everett and VanNessa planned to remain until Wednesday. Following fried chicken dinner I brought forth a surprise. It was a letter from their son, Cpl. Ray Prusso which had just arrived that morning and its reading made the evening complete. Ray is stationed on the Island of Saipan and has been for the past two months. He didn't participate in any of the actual landings but got ashore for a few days. We imagine he was pretty busy with the radio end of things on board his ship not far distant. He has met a sailor from Reno and they have become good friends. They are both hunting and fishing enthusiasts and both know the Truckee-Tahoe region

well, with the result that their listeners turn green with envy at their tales. Ray is counting the months when he can return to his favorite fishing spots in the back country—Rubicon, Buck's Lake, Barker and all the rest. Figures they should be just about right for him when he gets a furlough.

Wind up this letter for another week and hope it finds you all in the pink and doing your bit cheerfully that this terrible conflict may be won as soon as humanly possible. The news continues good, but hints of the new six-ton buzzer bomb being concocted by the Germans sounds disquieting. Let's hope we have them licked before it can be put into action.

All good wishes, the best of luck from the homefolks and God bless you one and all.

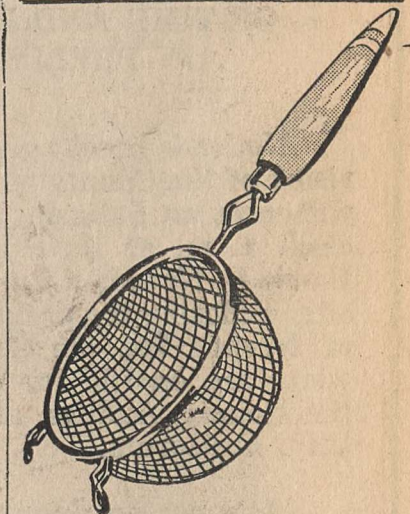

As ever,
SWANEE.

This is an oil filter

You'd think that clean oil, inside a sealed engine, would keep fairly sanitary. But not so.

As it circulates, it picks up more assorted grime than a bunch of fifth grade kids playing commando.

So oil must be cleaned, or the scratchy stuff it picks up would be carried into close-fitting places where it would be about as beneficial as a cinder in your eye.

Like the kitchen strainer sketched above, the oil filter's job is to trap and hold unwanted lumps and things. And like a strainer, it eventually gets so clogged up that it can't function.

That's why Shell people occasionally urge you to buy a new oil filter cartridge... to keep your car from joining the parade of 5000 junkers that are scrapped every day. We don't want that to happen. We love you.

LADIES, IT'S FREE!

**BOAT GASOLINE REDUCTION
SLATED FOR OCTOBER 1ST**

Gasoline rations for motor boats will be reduced beginning October 1, the Office of Price Administration announced today.

Under proposed regulations, inboard motor boats will be permitted 2 gallons of gasoline for each rated horsepower, with a maximum of 24 gallons, in any three months period. Outboard motors will be permitted 2½ gallons per horsepower, with a maximum of 10 gallons quarterly.

Heretofore all inboard boats have been permitted a maximum of 125 gallons quarterly, under the same two gallon per rated horsepower formula and outboard motors a maximum of 20 gallons per quarter at 2½ gallons per horsepower.

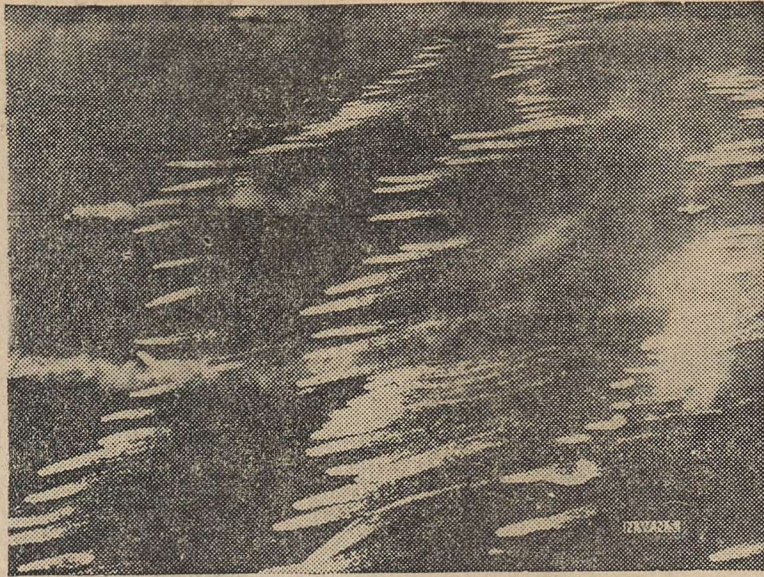

Only exceptions to the proposed regulation will be a limited number of boats enrolled in the Coast Guard auxiliary and boats operating conducted fishing trips or chartered for that purpose. These boats will continue to receive their rations under the present formula, with maximums of 125 gallons quarterly for inboards and 20 gallons for outboards.

Generals in France

Generals do not always maintain that air of iron dignity, as proven by Gen. H. H. Arnold, commanding general of the U. S. army air forces and Lieut. Gen. Omar Bradley, commanding U. S. ground forces in France.

American Troops Landed on Guam

Guam landing amphibious tanks spurt toward Guam beaches on the first landing there by American troops, since Pearl Harbor. These tanks carry marines and armament to drive the Japanese into the sea as another step toward Tokyo.

**HOWARD CARNELL FETED
AT BIRTHDAY OUTING**

TAHOE CITY, Aug. 17.— Saturday Howard Carnell, youngest son of Mr. and Mrs. Floyd Carnell enjoyed his 13th birthday with a party at Meeks Bay where his guests spent some of the day swimming and the rest eating hot dogs, ice cream and all the rest. Those who accompanied Howard and his mother were June Caveau, Clifford and Robert Dockham and Jimmie Swanson.

In England, a member of the House of Commons represents about 70,000 persons.

Clara Hayes of Truckee Elementary School, Truckee, California.

**THE MAN
AT THE KEYHOLE**
by OPERATIVE WB

The man who broke the bank at Monte Carlo had nothing on Senator Jesse Mayo the Calaveras County publisher who seeks a seat in Congress this year. Mayo broke the 28-year jinx of the 2nd Congressional District when he won the GOP nomination in the primaries. Not since 1916, our statistical expert reports, had a congressional aspirant in the sprawling, 18-county district pried either party nomination away from any incumbent. Mayo now hopes to make it a clean sweep in November.

That recent picture of the President in a national magazine, in which he appeared tired and worn, if not ill, has hurt the Roosevelt re-election drive badly. Even many of the President's very sincere supporters think he should retire.

NOTICE

**OF TIME AND PLACE OF HEARING
ON PRELIMINARY BUDGET**

Notice is hereby given that the Board of Supervisors of the County of Nevada, State of California, will meet on Saturday, August 19th, 1944 at 10 o'clock a. m. at their meeting room at the Court House in Nevada City, California, for the purpose of considering the preliminary budget of the County of Nevada for the fiscal year 1944-45, copies of which are on file for distribution in the office of the County Auditor at the Court House, Nevada City, California.

Any person desiring to appear for or against any of the allotments as set out in said budget is invited to attend said meeting of the Board and discuss the same before final approval of the said budget which must be made on or before August 30th, 1944.

R. N. McCormack

County Auditor.

Dated August 9th, 1944.

Tahoe Briefs

By SWANEE

Miss Blanche Pierson, daughter of Mr. and Mrs. Si Pierson, old time Tahoe residents, is visiting from her home in Oakland at the N. R. Mayfields in town. She and Miss Shirley Ables assisted in selling bonds at the Tavern last Sunday.

Two new telephone girls are assisting at the Tahoe exchange for the rest of the summer. They are Darleen Burdick and Kay Whimpey of Ely, Nevada.

Robert Watson is now unemployed by the Dupont Company in Washington state where he has been for the past month or more.

Mrs. Stella Watson's houseguest is Mrs. John Stevens of San Francisco who is spending several weeks at Tahoe vacationing.

Mr. and Mrs. George Collins and little son Timmie have returned to their home in San Francisco following a vacation with Mrs. Collins' mother, Mrs. Stella Watson.

Game Warden Bill LaMarr who ventured back into the Miller Lake country Sunday on official business had the pleasure of shooting a rattlesnake which measured 36 inches long and had six rattles and a button on his tail.

The lake level Monday stood at 6227.28 with 318 CSF of water leaving the gates in town.

No fires were reported over the past week by Patrolman Ralph Prece of the Tahoe Park station.

Mr. and Mrs. Henry C. Zacharias of Sacramento visited last week at the home of their son in law and daughter, Constable and Mrs. Harry Johanson of Tahoe City.

Latest word of the Sunday Tavern bond rally describes the total raised at \$69,000—a bit short of the previous estimate.

'Mail Early' Poster

Early Christmas mailing for troops overseas was started with the unveiling of the above giant color reproduction of the official war department 1944 "mail early" poster.

LEGAL NOTICE

**CALL FOR BIDS FOR
TRANSPORTATION CONTRACTS**

Notice is hereby given that sealed proposals will be received at the office of the governing board of Truckee Elementary School District, located at Truckee, Nevada County, California, on or before the 28th day of August, 1944, at the hour of seven o'clock P. M. for the transportation of the pupils attending the school of the said Truckee Elementary School District for the period from September 5, 1944 to June 9, 1945, in accordance with the terms and conditions hereinafter set forth.

1. All transportation must be by motor vehicle equipped and operated in accordance with the California Vehicle Code and the Rules and Regulations of the State Board of Education of California.

2. Each bidder must specify in his bid that the bidder binds himself to jointly insure his liability and that of the board and the district for damage to property or injury or death to person in the sum of \$5,000 for damage to property and in the sum of \$50,000 and \$100,000 for injury or death to person, such insurance to be carried in any insurance company authorized to transact the business of such insurance in California.

3. The routes over which transportation is to be furnished and the schedule upon which transportation is to be furnished and the approximate number of pupils to be transported are as follows:

Not more than six (6) pupils from Floriston and Boca to Truckee Elementary School and return; two (2) from Boca to Meadow Lake Union High School in Truckee and return.

4. Complete details of routes, schedules and other matters may be examined at the office of Clerk Mrs.

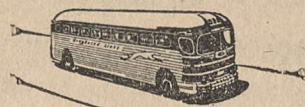

**To a Man Who's
handy with
his hands**

If you like mechanical work (even though you are not experienced), Southern Pacific has an opening for you that is well worth looking into. The job: Helper in one of the fine crafts at the S. P. shops or roundhouse ... working on locomotives or rolling stock. You'll see the "inside" of railroading ... be in something big ... find railroading more interesting than other work. Friendly people to work with ... a chance to really learn a top craft with a fine outfit. Above all, a job with a permanent company—a job you'll like. Liberal age limits. New, higher wages. Railroad pass privileges. Fine pension plan. Medical services. Vacations with pay. Swell social activities. This is no fly-by-night opportunity. It's for a man who's sincere in wanting the right connection with the right outfit. If you join up with S. P., we're pretty sure you'll not regret it.

U. S. ARMY BADGES OF HONOR

Released by U. S. War Department, Bureau of Public Relations

Released by U. S. War Department, Bureau of Public Relations

LIEUT. GEN. LESLEY J. McNair—Gen. McNair, who was reported killed on the front line in Normandy July 27, is the highest ranking officer to fall in battle in the history of the United States Army. Upon the streamlining of the Army two years ago he was placed in command of the Ground Forces and directed the organization and training of an Army of 7,700,000 men. He was wounded in action while inspecting the American lines in Tunisia in April, 1943. In the First World War Gen. McNair served with the First Division, AEF, and later at general headquarters at Paris and Chaumont.

CHEESE POINTS INCREASES

If cheese is on your shopping list today, remember that point values of all rationed cheese varieties were increased on August 13. Cheddar cheese now takes 12 points instead of 10. Swiss cheese is eight red points instead of four.

The honey bee is believed by entomologists to be a native of Africa.

Mass, Tahoe, Sunday 10 a.m.
Services will be held at Al Tahoe Globins Resort, on June 25 at noon to continue during summer months.

DEER HUNTERS ASED TO SAVE HIDES THIS YEAR FOR ARMED SERVICES

Deer hunters are urged to save deer hides this season so they can be used in the manufacture of gloves and necessary flying equipment for the Armed Forces, advises the Outing Department of the National Automobile Club. With an average of 35,000 deer killed each year, less than 10 per cent of the hides have been used.

The division of fish and game offers nimrods the following suggestions to safeguard the deer skins: 1. Avoid dragging the animal; 2. Skin carefully, avoid cuts, removing all fat and meats; 3. Rub plenty of salt on the flesh side of the skin; be sure that you do not miss any of the folds and edges of the skin; 4. Either dry the skin in a cool, shady place or roll it up with plenty of salt; 5. Do not expose to the sun or heat and allow plenty of air circulation.

UTILITY MEATS POINT FREE

And here's some good news for meat lovers. Utility grades of beef and lamb are now point free. These lower grades are just as nourishing and appetizing as the choicer, more expensive grades, but do require more cooking. Since utility beef has less fat, it should be cooked slowly and with some moisture to draw out the flavor.

To a carpenter who wants an unusual job

Out on the Southern Pacific line... out where the grass skitters when the train whistles by... where there is room to breathe... (yes, and to swing a hammer), the railroad has a job for you. Building bridges, culverts, doing railroad construction work with men who figure a carpenter too can hammer out a victory tune. (This, believe us, is real war work, because your work speeds the war trains.) Now, down to brass tacks: You'll live with a good gang... in Outfit Cars fitted up. No housing problem here! Board at very reasonable prices. Railroad pass privileges. Medical services. A fine pension plan. Liberal age limits. Above all, a job with a permanent company. If this sounds good, come in and see us. We think you'll go for this job.

See or write J. A. McKINNON, Asst. Superintendent, Sparks, or your nearest S. P. Agent

TIME REVERSES LAW

Musings on this changing world by former Senator Henry Fountain Ashurst, Arizona Democrat, in his day one of the Senate's philosophers:

"Twenty years ago a man who had a bottle of liquor and \$100 in gold was a criminal for having the liquor and a worthwhile, law-abiding citizen for having the 100 in gold.

"Today the same man, with a bottle of liquor and \$100 in gold, is a criminal for having the gold, but a law-abiding, good fellow for having the liquor.

"It's the same way in international relations. A few years ago, Finland was the only nation of our World War I creditors which was paying her World War debt to us in full. We resented Russia's attack on Finland."—Chicago Sun.

Visit in Truckee— Dr. and Mrs. Berry E. Boston and family of Roseville spent a day last week visiting the W. S. Robersons of Truckee. The Boston family spent two weeks vacationing at the Euer ranch.

Arrive Here— Mr. and Mrs. Eugene Ralphs arrived this week from Sacramento and the former expects to be employed by the Southern Pacific. He is a brother of S. A. Ralphs of Big Chief Camp.

At Tahoe— Mr. and Mrs. William Cassatari of Grass Valley are vacationing at Lake Tahoe.

At Kearney Home— John J. Finnegan, who is superintendent of the box factory at Sloat, accompanied by his wife and two children, visited with his aunt Mrs. F. F. Kearney and the J. E. Kalers last week.

Salesman Barrick— A. C. Barrick, former state highway patrolman here, has been granted a leave of absence and is now employed as salesman for a liquor concern at Sacramento.

With Mother— Mrs. D. Ramsey of Los Molinos is visiting her mother, Mrs. A. E. Burlingham. The latter recently returned from a chief operators' meeting of the telephone company held at San Francisco.

Visit Home— Mr. and Mrs. Gino Pierotti and son John and Gino Digesti of Albany are guests at the P. Digesti home.

Early Residents Here— Mrs. J. C. Gotthold, an early Truckee resident, her sister, Mrs. Maytie Dunn of Sacramento and Bernard Dunn of San Francisco were visitors here last weekend en route to Tahoe. Mrs. Gotthold enjoyed noting the improvements in the community.

Here on Visit— Mrs. Veda Russi of Sacramento is visiting here.

Return Home— Mrs. W. M. Englehart, Jr., and children have returned from southern California where they spent several weeks.

To Sparks— Mr. and Mrs. Ernest Danzger stopped here last week en route to Sparks from San Francisco. They have purchased a cafe in the Nevada town. They formerly lived at Norden.

Buy Home— Mrs. Anna Ashford, Mrs. Maxine Kaylor and her daughter, Turra Ann have returned from Vallejo and have bought a home on Trout Creek. They will resume employment at Fontana's Laundry.

Working at Store— Mrs. Rose Kielhofer is employed at Tony's Variety Store.

On Trip— Vernon Pearson, former Truckee roadmaster was visiting here this week. He reports the family all well with Miss Verna, a cadet nurse at Mercy Hospital, Miss Betty employed as clerk for the S. P. and Marilyn attending high school at Sacramento where the Pearsons now reside.

Entertains— Mrs. Isabell Gavin of Berkeley entertained at her summer home Edgewater on the Truckee river at a cocktail and supper party followed by cards. Mesdames W. F. Wilkie, R. P. Bick and Harold Laity were Truckee guests.

Killed in Crash— Arthur Farnham, 65, Porterville oil distributor, was killed when the oil truck he was driving got out of control and plunged of Meyers grade Tuesday. A companion leaped to safety.

Visiting Here— Dr. and Mrs. E. W. Guthridge, Mr. and Mrs. Sig Ulland, their baby son and Mrs. Rossarini, all of San Leandro are enjoying a visit here with local friends and relatives.

Transferred— Mr. and Mrs. Ellis Bradbury left today for San Diego, Bradbury having been transferred by the state agricultural department. He has been employed at the quarantine station.
